<b>TISSUES</b> (NOT REQUIRED BUT A REQUESTED DONATION ☺)	<i>Requested Donation</i>	<i>Requested Donation</i>	<i>Requested Donation</i>

Student Planners will be provided to each student, free of charge.

Throughout the year, your child's teacher(s) may identify items for donation that they may need for their classrooms. If you would like to donate such items, it is certainly appreciated. Thank you! ☺

Calculators:

- ✓ The TI-84 Plus Graphing Calculator will be used regularly in your child's algebra and geometry class. If your child is enrolled in these classes, we strongly suggest that he/she has access to a TI-84 plus or TI-84 plus silver edition graphing calculator for use at home to complete homework assignments.
- ✓ A standard scientific calculator will be used regularly in all other math classes and will be available for children to use in school. If you wish to purchase a calculator for your child, we suggest that you either wait until your child meets his/her teacher and more information is sent home or save receipts and do not open packaging until your child knows for sure it is the proper item.
